SC INSPIRE TUITION

Inspiring Confidence. Creating Lifelong Learners.

 07710 583804

 www.scinspiretuition.co.uk

Welcome!

Hello, and thank you for taking the time to learn more about SC Inspire Tuition.

My name is Sean Corrigan, and I am the founder of SC Inspire. I launched the business in 2023 with one simple aim: to create a learning environment where children feel supported, valued and inspired to achieve their potential.

Since then, SC Inspire has grown into a thriving online learning community, supporting home educating families across the UK. I am incredibly proud of the reputation we have built and of the progress our students make, not only academically but also in confidence, independence and enjoyment of learning.

My teaching journey began in 2008 when I moved to South Korea to teach English as a Foreign Language. Living and working overseas was an unforgettable experience and confirmed my passion for education. After returning to England, I completed my Postgraduate Certificate in Education (PGCE) and qualified as a primary school teacher in 2013.

Over the next ten years, I taught in a range of primary schools across North Lincolnshire, taking on responsibilities including PE Lead and Geography Lead, while teaching children across different age groups. During this time, I also completed a Master's Degree in Writing at the University of Leeds, helping to further develop my love of literacy and creative learning.

In 2023, I made the decision to establish SC Inspire Tuition. I wanted to create something different from the traditional classroom—small groups, engaging lessons and an environment where every child is known, encouraged and given the opportunity to succeed.

Today, I am fortunate to work alongside a fantastic team of experienced teachers who share those same values. Together, we aim to provide lessons that are engaging, challenging and enjoyable, while supporting every child as an individual.

Thank you for considering SC Inspire as part of your family's educational journey. Whether you are new to home education or looking to add extra support to your child's learning, we would be delighted to welcome you to our community.

Sean Corrigan
Founder, SC Inspire Tuition

Every child deserves to feel confident, capable and excited to learn. That belief is at the heart of everything we do at SC Inspire.

Why Choose SC Inspire?

Why families choose us

- ✓ Small groups (maximum 8)
- ✓ Qualified teachers
- ✓ Affordable lessons
- ✓ Live Zoom teaching
- ✓ Friendly community
- ✓ Broad curriculum
- ✓ Personal support
- ✓ Home education specialists

What our parents say

Sean and his team go above and beyond for their students. They all are amazing tutors who work well with their students and families. They accommodate each child's needs and are always available to support and offer advice when needed. The lessons are great fun, taught in a way to keep the children engaged and interested. My child's learning and knowledge has come on so far since joining and I'm so incredibly proud of her progress. We wouldn't have done it without the team here. Would highly recommend to anyone looking for a small group tutor session for their child! 100% 5 ★ - Amy.

Sean and his team of tutors have been amazing for Scarlet, we decided to home educate Scarlet and from day one started the zoom lessons, students and tutors are all committed to the lessons and the friendly atmosphere makes it easy to learn, her writing has improved, she is more confident, and she isn't afraid to ask for help if she is struggling, nobody makes mistakes in these lessons, it is all a learning experience if you make an error it is explained until you fully understand. Scarlet enjoys her math, English, geography and cooking all with the same enthusiasm. I highly recommend SC-Inspire-tuition and have even passed on my praise and their details to friends of friends. – Angie.

Meet Our Team - All of our tutors are qualified teachers with many years of experience

Sean - Founder & KS2/KS3 Maths, English and Primary Subjects Tutor

Sean is the founder of SC Inspire Tuition and brings a wealth of experience supporting young people to grow in confidence, ability and self-belief.

With over 10 years' experience working in schools across North Lincolnshire, alongside 4 years teaching English in South Korea, Sean has developed a passion for creating engaging and supportive learning experiences where every child feels valued and encouraged to succeed.

Sean specialises in KS2 and KS3 Maths and English, designing lessons that help students develop strong foundations, build confidence and enjoy their learning journey.

Alongside his own teaching, Sean has built a thriving home education community at SC Inspire, bringing together a team of talented educators and carefully matching their strengths to lessons that best support each learner.

At the heart of SC Inspire Tuition is Sean's vision: to inspire young people to enjoy learning, develop confidence in themselves and reach their full potential both in and beyond the classroom.

Gemma - KS2/KS3 Maths, English and Primary Subjects Tutor

Gemma is a highly experienced educator with over 20 years of teaching experience across schools in England. Having worked with children across a wide range of ages, from early years through to upper key stages, she has developed a deep understanding of how children learn and progress.

Known for her warm and nurturing approach, Gemma creates a supportive environment where children feel comfortable, confident and encouraged to do their best.

Her patience, professionalism and consistency make her a trusted member of the SC Inspire Tuition team. Gemma is passionate about helping every child develop strong foundations, grow in confidence and enjoy their learning journey.

She believes that when children feel supported and valued, they can achieve their full potential.

Luke - KS2 & KS3 Maths, English and Primary Subjects Tutor

Luke is a valued member of the SC Inspire Tuition team, known for his calm and supportive approach that helps students feel comfortable and confident from their very first session.

Specialising in KS2 and KS3 Maths and English, Luke works closely with each learner to build both understanding and self-belief. His focus is on helping students strengthen key skills, develop confidence and feel prepared to tackle new challenges in their learning.

Alongside his core subjects, Luke also has a strong interest and knowledge in financial literacy and is passionate about helping young people develop important life skills beyond the classroom. This September, Luke will be introducing a Financial Literacy class at SC Inspire, supporting students to understand topics such as money management, budgeting and the real-world applications of financial skills.

Luke's sessions are tailored to each child's individual needs, supporting steady progress while ensuring learning remains a positive, encouraging and enjoyable experience.

Janine - English GCSE & Creative Learning Tutor

Janine is a highly experienced educator with over 20 years in education and a real passion for literacy. Originally trained as a primary school teacher, with an honours degree in English Literature, she brings a wealth of knowledge, creativity and enthusiasm to every session.

Over the past two years, Janine has specialised in tutoring GCSE English, developing a strong understanding of GCSE English Language and Literature requirements. She combines her subject knowledge with a supportive and encouraging approach, helping students develop the skills, confidence and understanding needed to succeed.

As a home educator herself, Janine also brings personal experience of the home education journey and understands the importance of creating a learning environment where children feel valued, supported and inspired.

Known for building strong relationships with learners, Janine delivers lessons that are engaging, challenging and enjoyable. Her love of the arts and her own creativity as a talented artist allow her to bring English and learning to life in memorable ways.

Janine's ability to inspire confidence and develop a genuine love of English makes her a valued member of the SC Inspire Tuition team.

Ann – GCSE Science and Maths Tutor

Ann is a fully qualified teacher with 14 years of classroom experience in secondary UK schools, alongside over 12 years of successful tutoring experience.

Specialising in Maths and Science, Ann supports students of all abilities to build confidence, improve their understanding and achieve their learning goals. Her extensive experience working with a wide range of ages and abilities allows her to understand that every learner is different.

Ann takes a personalised approach to teaching, carefully identifying gaps in knowledge, strengthening key skills and adapting each lesson to suit the individual needs of every student.

With her experience, patience and supportive approach, Ann helps learners feel more confident, capable and ready to succeed.

Jennifer – French and Spanish Tutor

Hi, I'm Jennifer (Jen), and I have over 30 years' experience teaching French and Spanish from beginner level through to A Level.

For 20 years, I was Head of Spanish at a large secondary school, where I developed a real passion for helping students discover the enjoyment and confidence that comes from learning a new language.

Even after 30 years in education, I still believe teaching is the best job in the world. I love creating lessons that inspire curiosity, encourage communication and help students feel successful in their learning.

My lessons are designed to be relaxed, supportive and inclusive, allowing every child to develop their confidence while having fun with languages. I use colourful, interactive resources and engaging activities to help students stay motivated and excited about learning.

I am delighted to be joining SC Inspire Tuition and I am looking forward to meeting our new group of budding linguists and sharing my love of languages with them.

Primary Learning (Ages 7–11)

Our 7–11 programme is designed to build strong foundations, develop confidence and inspire a genuine love of learning. Through a mixture of core subjects, creative projects and enrichment opportunities, children are encouraged to become curious, independent and enthusiastic learners.

Our small online classes provide a supportive environment where children can ask questions, share ideas and learn at their own pace. From developing confidence in Maths and English to exploring History, creative writing, science and practical activities, every lesson is designed to be engaging, purposeful and enjoyable.

Whether your child is looking for additional structure within their home education journey or a community of like-minded learners, SC Inspire provides a welcoming space where children can learn, grow and thrive.

Secondary Learning (Ages 11-14)

Our 11-14 programme supports students through the important transition between primary learning and GCSE preparation. We provide a structured, supportive environment where young people can develop their knowledge, strengthen key skills and build the confidence they need to become independent learners.

Through engaging lessons across Maths, English, History, Science and enrichment subjects, students are encouraged to think critically, ask questions and develop their own ideas. Our small group sessions allow teachers to get to know each learner, identify areas for development and provide personalised support.

Alongside academic progress, we place a strong focus on confidence, communication and wellbeing. Students are able to learn alongside other home-educated young people, develop friendships and become part of a positive learning community.

Ages 14 – 16 (GCSE)

Home Education - GCSE Focus ages 14-16

GCSE Learning (Ages 14–16)

Our GCSE programme provides students with the knowledge, skills and confidence they need to succeed in their examinations. We offer small group GCSE classes designed to provide focused teaching, personalised support and a positive learning environment.

Our experienced teachers have a strong understanding of GCSE requirements and work closely with students to develop subject knowledge, exam technique and independent learning skills. Lessons are carefully structured to support students of all abilities, helping them identify gaps in understanding, build confidence and make steady progress.

Whether students are working towards their first GCSEs, looking to improve their grades or seeking a supportive alternative to mainstream education, SC Inspire provides a welcoming environment where every learner is encouraged to achieve their potential.

GCSE Subjects We Offer

GCSE Maths

Supporting students in developing the knowledge, skills and confidence needed for GCSE success. Lessons focus on understanding key concepts, improving problem-solving skills and developing exam technique.

GCSE English Language

Helping students develop the reading, writing and analytical skills needed for GCSE English Language. Students build confidence in responding to texts, structuring answers and communicating ideas effectively.

GCSE Science

Developing understanding of key scientific concepts through structured lessons, discussion and exam preparation. Students are supported in applying their knowledge and developing the skills needed for GCSE assessments.

Ready For Real Life – Money

A practical life-skills course designed to prepare students for the financial decisions they will face beyond education. Through discussion, activities and real-world examples, students explore earning, spending, saving, investing and making informed financial choices.

Enrichment Clubs

A poster for 'Enrichment Clubs for Autumn Term' by SC Inspire Tuition. The background features a close-up of autumn leaves in shades of orange, yellow, and red. The title 'Enrichment Clubs for Autumn Term' is in a white rounded rectangle at the top left. The SC Inspire Tuition logo is in a white rounded rectangle at the top right. The term dates 'Term runs from 02/09/26 to 16/10/26' are in a yellow rounded rectangle. A large yellow rounded rectangle on the right lists benefits of SC Inspire Membership: access to all enrichment clubs, live weekly Zoom sessions, and building confidence, creativity, and friendships. Four smaller colored rounded rectangles list the clubs: 'Amazing Animals! with Sean' (Tuesdays 3:10-3:50), 'Book Club with Sean' (Wednesdays 9:00-9:45), 'French for Beginners with Jenny' (Wednesdays 3:00-3:45), and 'Online Games Club with Sean' (Thursdays 2:30-3:15). At the bottom, a phone icon is next to the number 07710583804, and a globe icon is next to the website www.scinspiretuition.co.uk.

Enrichment Clubs

At SC Inspire, learning goes beyond traditional subjects. Our enrichment clubs give students the opportunity to explore new interests, develop confidence and connect with other learners in a relaxed and enjoyable environment.

Designed to complement our academic programmes, our clubs encourage creativity, communication, teamwork and curiosity. Whether your child loves stories, languages, animals or games, there is an opportunity for them to explore something new and develop skills beyond the classroom.

★ Included with Your SC Inspire Membership

Our enrichment clubs are included as part of our monthly memberships, giving students even more opportunities to learn, socialise and be part of the SC Inspire community. There is no pressure to attend every week — students can choose the clubs that interest them and take part when they wish.

Book Club

A space for young readers to share ideas, discuss stories and develop a love of reading. Students explore different books, characters and themes while building confidence in expressing their opinions.

FR French for Beginners

An introduction to the French language in a fun and accessible way. Students learn key vocabulary, phrases and cultural knowledge through engaging activities designed to build confidence and enthusiasm for language learning.

Amazing Animals

A chance for animal lovers to explore the fascinating world of wildlife. Students discover incredible creatures, learn about habitats and develop their knowledge through fun discussions, activities and investigations.

Online Games Club

A social and interactive club where students can enjoy games, challenges and conversations with other learners. Alongside having fun, students develop communication, teamwork and problem-solving skills.

Membership with SC Inspire

Learning. Confidence. Community.

At SC Inspire Tuition, we believe education is about more than individual lessons. It is about creating a supportive learning community where children feel known, valued and encouraged to achieve their potential.

Our monthly membership gives families a simple and flexible way to access regular lessons, enrichment opportunities and the wider SC Inspire community.

What is included?

- ✓ **Weekly live Zoom lessons with qualified teachers**
- ✓ **Small group learning (maximum 8 students)**
- ✓ **Access to a broad range of subjects**
- ✓ **Enrichment clubs included with membership**
- ✓ **Half-termly progress reports highlighting achievements, progress and next steps for learning**
- ✓ **Opportunities to learn alongside other home-educated young people**
- ✓ **A supportive community where confidence, creativity and independence can grow**

A Different Approach To Learning

Our membership model is designed to give children consistency in their learning while allowing families the flexibility to choose the subjects and activities that best suit their child.

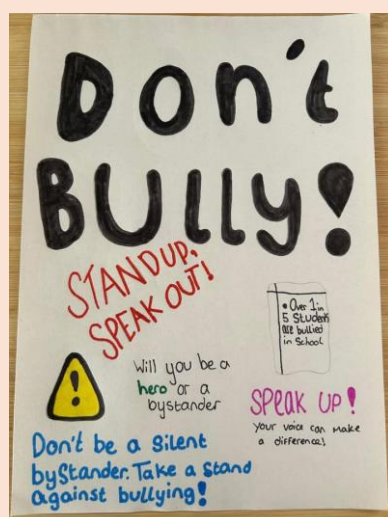

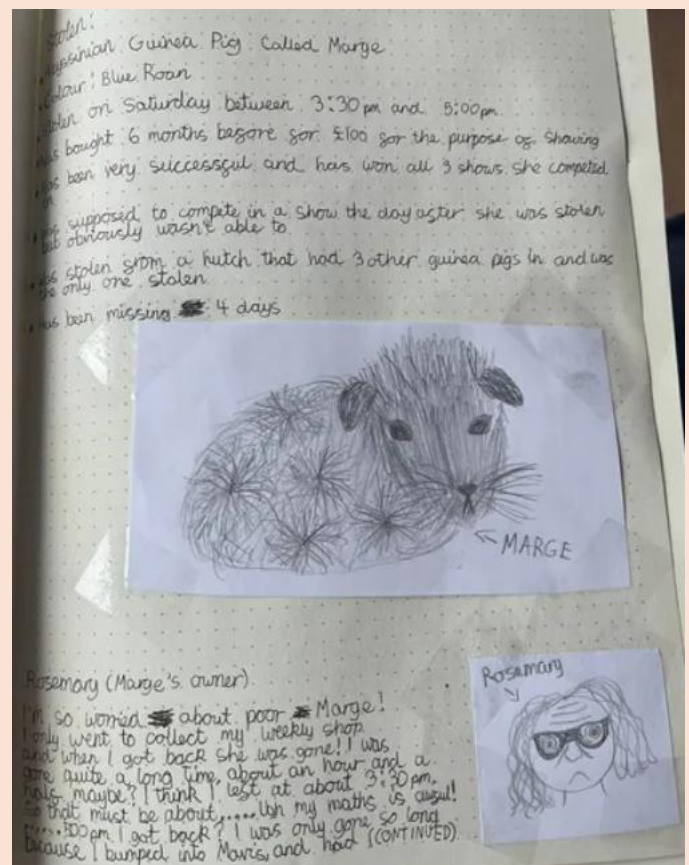

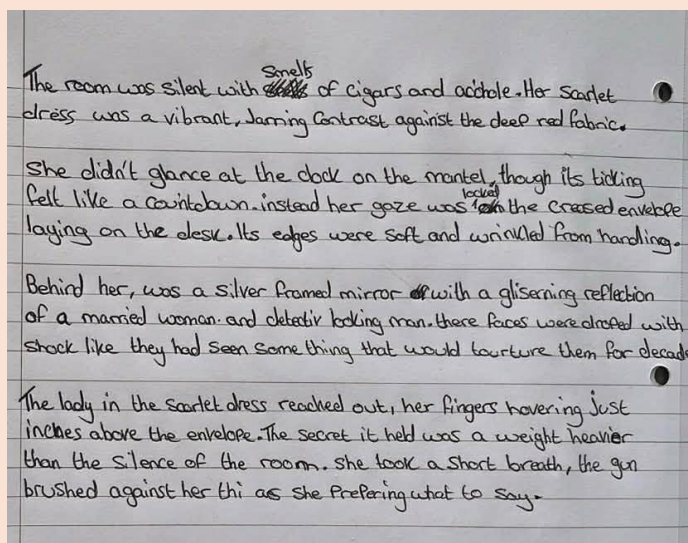

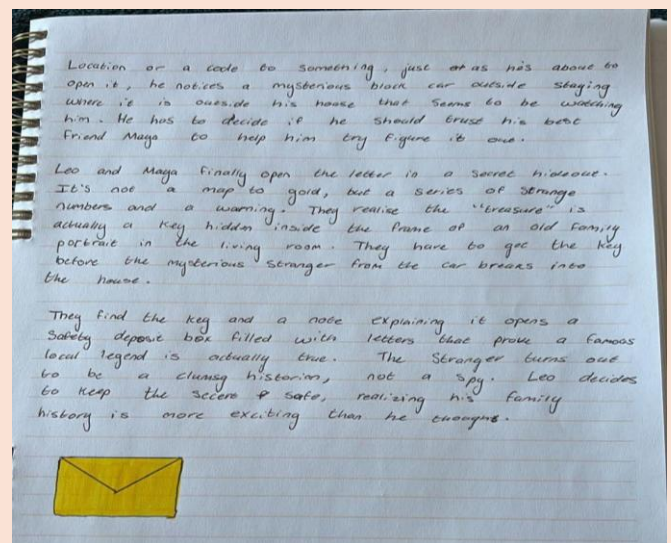

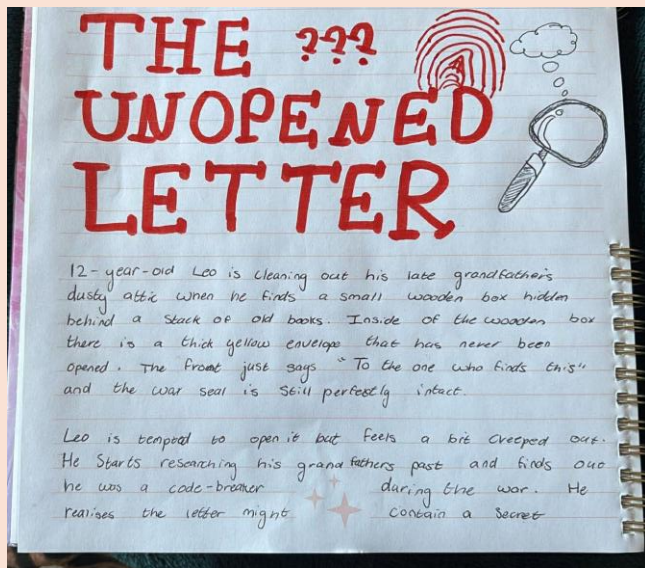

Rather than simply attending individual lessons, students become part of the SC Inspire community — building relationships with teachers, making friendships with other learners and developing skills both inside and beyond the classroom.

Whether your child needs academic support, wants to explore new interests, or is looking for a positive learning environment where they feel they belong, SC Inspire is here to support them.

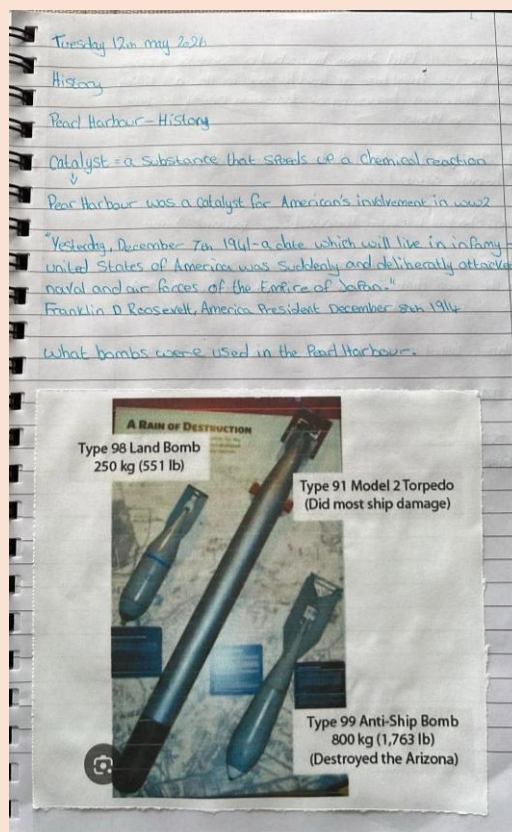

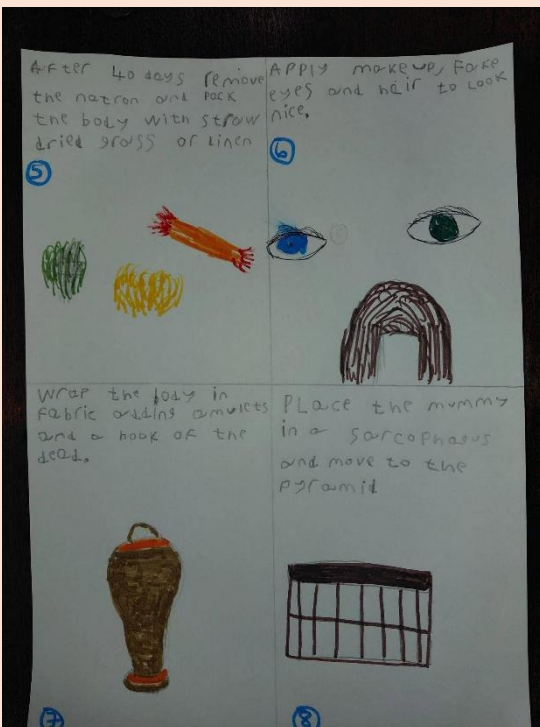

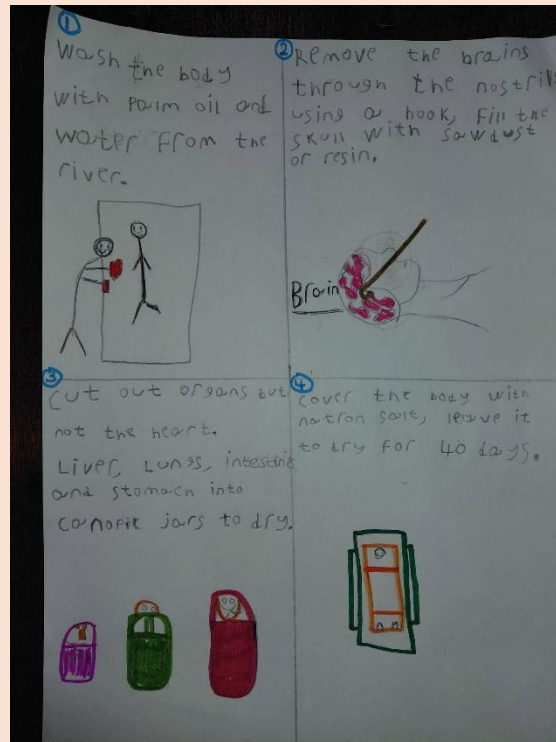

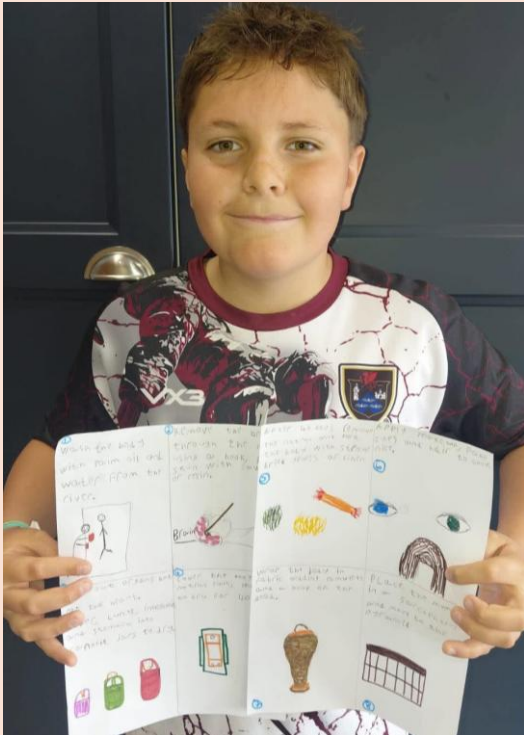

Our memberships are available through a range of monthly options to suit different learning needs. If you would like to find out more about becoming a member, please get in touch.

Example of Student Work from classes last year

KS3 English Classes

KS2 and KS3 History

Margaret Anjou-

Tuesday 9th June
- Home work -

Birth and Origins - Born in Pont-à-Mousson, France

Legacy - Immortalized in William Shakespeare's history plays as the ruthless "She wolf of France".

Facts - • She became Queen of England at 15 years old when she married Henry VI in 1445.

• Her son Edward of Westminster was the first Prince of Wales to be born to a reigning English King.

• She outlived her husband and son.

• Margaret became one of the most influential figures in England.

Margaret of Anjou was a strong-willed, politically ambitious, and determined queen who fiercely sought to protect her husband's throne and secure her son's claim to power during the Wars of the Roses.

She demonstrated fierce loyalty and courage by taking an active role in leading Lancastrian forces and navigating political alliances to defend her husband, King Henry VI, and preserve her son Edward's right to inherit the English throne.

History homework

Margaret of Anjou was a fierce, powerful queen. She ruled England in her husband's stead, before unsuccessfully battling to secure the English crown to her son. Born in the French Duchy of Lorraine, Margaret of Anjou grew up in France before her marriage to Henry VI in 1445. The marriage was a bit strange, in that there ~~was~~ ^{was} no dowry given to the English crown for Margaret by the French.

Margaret was 15 years old when she was crowned queen consort at Westminster Abbey. She was described as a beautiful, passionate, proud and strong-willed.

Indomitability ran in the blood of the women in her family. Her father, King René, passed his time as a prisoner of Duke Burgundy writing poetry and staining glass, but her mother struggled to establish his claim to Naples and her grandmother governed Anjou with an iron fist.

Cooking Classes

How Lessons Work

A different approach to learning

At SC Inspire Tuition, we understand that every child learns differently. Our lessons are designed to be engaging, supportive and personalised, helping students develop both knowledge and confidence.

Small Groups, Big Support

All of our classes are kept small, with a maximum of 8 students. This allows teachers to build strong relationships with learners, provide individual support and ensure every child has the opportunity to contribute.

Live & Interactive Learning

Our lessons take place live via Zoom, allowing students to ask questions, share ideas, work collaboratively and develop friendships with other learners.

More Than Just Worksheets

Our lessons include:

- Discussion and debate
- Creative activities
- Problem-solving
- Independent tasks
- Projects and presentations
- Opportunities to develop confidence

Building Confident Learners

Our aim is not just to improve academic skills. We want children to become confident, curious and independent learners who enjoy discovering new things.

Frequently Asked Questions

How do lessons work?

All lessons take place live online through Zoom. Students can interact with their teacher and other learners in small, supportive groups.

Are your tutors qualified teachers?

Yes. All SC Inspire tutors are qualified teachers or experienced educators with many years of teaching experience.

How many children are in each class?

We keep our groups small, with a maximum of 8 students per class.

Do you follow the National Curriculum?

Yes. Our lessons are designed around the UK National Curriculum, giving students structured learning opportunities and helping them develop the knowledge and skills needed for future study, including GCSE preparation if they choose that pathway.

However, we also recognise that every home education journey is different. Our lessons provide flexibility, creativity and opportunities for children to explore learning beyond the traditional classroom approach.

Can my child join more than one class?

Absolutely. Our timetable includes a wide range of subjects, allowing families to choose the lessons that best support their child.

Are enrichment clubs included?

Yes. SC Inspire members receive access to our enrichment clubs, including creative and life-skill opportunities.

What ages do you support?

We currently support learners from ages 7–16, including KS2, KS3 and GCSE students.

What if my child lacks confidence?

Many of our students join SC Inspire because they need a supportive environment. Building confidence is at the heart of everything we do.

Half Termly Reporting

Spring Term 1

From 05/01/26 – 13/02/26

Student's name:

**SC INSPIRE
TUITION**

Subject: Maths Y3/4 Mondays 11am – 12pm	Teacher's general comments this term
Week 1 Recap: Add, subtract, multiply, divide, fractions. Money – Pounds and pence – understanding the values of coins	 has been with us for a long time now and she continues to be a friendly and consistently hard-working presence in all the classes she attends. She has developed nice friendships in the classes and likes to contribute and get involved in her learning.
Week 2 Recap: Add, subtract, multiply, divide, fractions. Converting pounds and pence – being able to convert from pence to pounds and back again	
Week 3 Recap: Add, subtract, multiply, divide, fractions. Add money – being able to add money using efficient methods	At times, has found some maths challenging but I am sure she is making good progress and understanding most of the work we cover. She has a good understanding of money, values of coins and can think of efficient ways to add and subtract amounts.
Week 4 Recap: Add, subtract, multiply, divide, fractions. Subtract money – subtracting money using efficient methods.	
Week 5 Recap: Add, subtract, multiply, divide, fractions. Find change with money	I'd liketo always feel comfortable to speak up if she doesn't understand something in maths as this will ensure she can make great progress.
Week 6 <u>Recap</u> : Add, subtract, multiply, divide, fractions. End of unit quiz - money	

Our half-termly reports provide clear, easy-to-understand summaries of your child's progress, achievements and next steps for learning.

Designed to support families in tracking their child's educational journey, our reports provide a valuable record of learning that can be kept alongside your own home education records and shared during local authority enquiries if required.

They also help families celebrate progress, identify areas for development and continue working together with SC Inspire to support each child's learning journey.

Reports are personalised to reflect each student's subjects, achievements and areas for development.

Ready to Join?

Start your child's learning journey with us

Whether you are new to home education or looking for additional support alongside your current approach, SC Inspire Tuition provides a welcoming community where children can learn, grow and thrive.

With qualified teachers, small group lessons and a wide range of subjects and enrichment opportunities, we are proud to support families across the UK.
